

ANNIE CRAWLEY

AUTHOR. FILMMAKER. PROFESSIONAL SPEAKER. DIVE INTO YOUR IMAGINATION!
EMPOWERMENT, ENVIRONMENT, EDUCATION & ENTERTAINMENT

School Pre-Program Questionnaire

Group Name:

Date of Event:

All questions may not apply to your group, so please fill out what is appropriate.

1. What is your school theme, mascot, colors? Please provide a brief history of your school.

2. Does your school participate in character counts or another company's program? If so, please give us a link to the program and let us know any information or terms that will be helpful for Annie to relate to your students. What is the character of the month for the time she will be speaking including the month prior and after? Do you do something special in your school Annie can incorporate into her presentation for greater impact?

3. What are sensitive issues that should be addressed? Should be avoided?

4. What are your specific objectives for Annie's presentation?

5. Time frame of presentation:
Approximately from am/pm to am/pm
6. What takes place immediately before and after Annie's presentation?

7. Who are other speakers involved in the program (if any)?

8. What professional speakers have you used in the past?

9. What did you like/dislike about their performance?
(Please list your favorite part and if you would like it repeated or deleted!)

10. How many students do you anticipate? What grades and times will be attending if we have arranged multiple presentations.

11. Please list (3) items you believe the Annie should know before addressing your group:

1.

2.

3.

12. What are the most significant events that have occurred in your community, school, and extra curricular activities?

13. Audience demographics:

Size:

Percentage of male: %

Percentage of female: %

Average age of group (include grades for school presentations)?

Average income of families or communities \$

(This is important. Annie has spoken to all income levels and the message changes slightly. There are schools she has spoken at that cost more than \$40,000 a year to attend and others in which were in impoverished areas with more than 85% of students in a free lunch program. This information helps in the delivery of presentations.)

Any other important information about audience:

14. What is your goal for your students?
15. Please provide a brief description of any issues faced by your school that may affect your students:
16. Would you like Annie to present only a youth empowerment and leadership program, or do you want it to include Ocean Education?
17. Please share 3 empowerment and leadership areas for Annie to stress in her presentation and any issues your school may be experiencing with these.
Example: Respect, Responsibility and Courage or Bullying, Trust and Sharing

18. If you are hiring Ocean Annie to present on the Ocean and environment, please choose from one of our premade presentations or choose marine topics you would like Annie to focus. Please note, for 5th – 8th graders, high school and college students, Annie can present entire presentations focused on pollution and the North Pacific Gyre, relating specifically to The Great Pacific Garbage Patch. Also, if Annie is giving multiple presentations during the day to different age groups, the materials she presents are according with the age group of the children. The same presentation and materials are not presented to Kindergarten in the same way they are to primary or upper grades. Whenever we can split grades based on learning, it is highly recommended. If you have more questions about the programs, please contact our office or Ocean Annie! We are here to help you create the best experience for your students!
