100 Schools 100 Days: Our Ocean & YOU

Annie Crawley brings the Ocean to LIFE!

Every breath we take connects us to the sea. Our Ocean & YOU awes audiences about the interdependence we have with the ocean and empowers you to take action.

Dive in with Annie Crawley and her team as they launch 100 schools 100 days: Our Ocean & You to give the ocean a voice. Life on our planet as we know it would not exist without a healthy ocean. The ocean is responsible for more than 50% of the oxygen in every breath we take and contains 97% of our planet's water. Three billion people rely on the protein from the sea in order to live. We have one ocean and we need to protect it.

Annie shares amazing underwater images and stories about "myths and monsters" of the sea. These experiences teach the audience about the environmental challenges our planet faces from the impact of climate change and marine debris.

Annie Crawley is a dynamic and entertaining speaker

- Communicates ideas effectively while incorporating humor, education, conservation, and ocean metaphors.
- Customizes presentations based on needs of organization.
- Captivates audiences with passionate delivery while leaving a lasting impression to affect positive environmental change.

These programs can be designed for smaller groups or given in large auditoriums with hundreds or thousands. When speaking to large school audiences we recommend breaking students by grade levels.
K-2; 3-4; 5-6; 7-8; High School; College/University

Testimonials Our Ocean & YOU

*"Annie is one of the greatest empowering and environmental speakers of our time."
Lois Phillips, PhD, Communications Consultant*

*"She challenged our students to imagine what they wanted to do in their lives, reminding them that their teachers and education open the doors for these adventures. Annie encouraged students to Dream Big. Not only did she spark the students, she ignited the teachers, staff, and parents too."
Wendy Kennedy, PTA President Middle School*

*"Listening to Annie Crawley talk about our ocean has inspired me to take a stand and spread these messages throughout my school. She encourages us to follow our passions while always considering the impact we have on our environment and to #LoveOurOcean!"
Isabelle Ivankovich, student Glacier Peak HS*

*"Annie Crawley has that contagious spark of energy and enthusiasm that motivates everyone to learn. She makes the material relevant, engaging, and exciting."
Mo O'Hagan, Santa Barbara High School*

*"Annie Crawley was born to inspire people. She lives the message she brings to the world, empowering people to use their imagination to live out of their vision of themselves, rather than their history. Annie Crawley is what the world needs now more than ever before."
Les Brown, Motivational Speaker*

Keynote Speaker Annie Crawley

Award winning producer, underwater photographer, author, and speaker, Annie Crawley gives the ocean a voice through her mission to reach youth about our underwater world. Originally from Chicago, Annie's life changed when she took her first breath underwater as a scuba diver. As a PADI Scuba Instructor, artist, storyteller, and member of the Women Divers Hall of Fame, she travels the world with her underwater cameras in hand, focusing on documenting life below the surface.

Dive Into Your Imagination is a multi-media company founded by Annie and designed to change the way the next generation views their relationship with the ocean. Her work has been published and broadcast worldwide. Most recently the Nature Generation selected *Plastic, Ahoy! Investigating the Great Pacific Garbage Patch* for a 2015 Green Earth Book Award.

Annie moved to Edmonds, Washington for a project exploring the Puget Sound, Salish Sea, and the Pacific Northwest. She stayed to work with the ocean and youth. As Director of Beach Camp at Sunset Bay and board member of Save Our Shorelines, she works with students on refusing single - use plastic in our schools and communities. Annie inspires students and gives them tools to protect the environment, focusing on life in our ocean.
